

MALAYSIA ENERGY EFFICIENCY AND SOLAR THERMAL APPLICATION PROJECT IN THE INDUSTRIAL SECTOR (MAEESTA)

Date: 5 September 2017

Dear All,

INVITATION TO A HALF-DAY AWARENESS SEMINAR ON ENERGY EFFICIENCY AND SOLAR THERMAL APPLICATION IN THE INDUSTRIAL SECTOR

The Malaysia Energy Efficiency and Solar Thermal Application Project (MAEESTA) is a national initiative supported by the Government of Malaysia, funded by the Global Environment Facility (GEF) and implemented by the United Nations Industrial Development Organization (UNIDO). This 5 year project which is being executed by SIRIM Berhad focusses on improving thermal energy efficiency in industrial heating and cooling processes, process optimization and the utilization of solar thermal energy.

One of the major components of this project is the awareness programme. The objective of the program is to promote the solar thermal technology application among industries, service providers, consultants, equipment or component suppliers, financial institution and government stakeholders.

You are cordially invited to attend a half-day awareness seminar that is designed as an introduction to the topic on Solar Thermal Application in Malaysia. Details are as follows:

- Date** : **7 November 2017 (Tuesday)**
- Venue** : **Bangunan PKNS BizPoint Shah Alam,
67, Jalan Plumbum P7/P, Seksyen 7, Shah Alam Selangor.
(Level 3)**
- Time** : **9.00 a.m. – 01.00 p.m.**
- Target Participants** : **Manufacturing companies/associations from textile, wood, iron & steel, glass, cement, knitting, pulp and paper, food and beverage, rubber glove and rubber products, agro based and metal surface treatment industry sub-sectors. Universities, energy service companies, registered electrical energy manager (REEM) , Engineers**

To register, please return the attached **Registration Form** to MAESCO Secretariat at training@maesco.org.my **BEFORE 1 NOVEMBER (Wed) 2017.**

Please contact the following for enquiries on:
