MESSAGE FROM THE PRESIDENT

MAESCO
(Pertubuhan Syarikat Syarikat Perkhidmatan Tenaga Malaysia)
Malaysia Association of Energy Service Companies

The third quarter of the year is usually a period of intensive activities for MAESCO. It is the preferred period for major events such as exhibitions, conferences and conventions including MAESCO's AGM to be convened.

For this year, the range of activities included some very important meetings and dialogue sessions with various Ministries including PETRA and the Ministry of Economy as reported in this quarterly issue.

MAESCO continues its efforts to fast-forward the EE initiatives under the NETR as the successful implementation of these initiatives will represent a bridge between policies set by the Government and implementation at scale. The large-scale Energy Efficiency retrofit programme for Government buildings will not only serve as a showcase for the Government to lead by example but will also pave the way for the commercial and industrial sectors to seriously consider the Energy Performance Contracting model offered by ESCOs in order to address their concerns over rising energy costs, in addition to having to comply with the Energy Efficiency and Conservation Act should they be affected by it.

MAESCO's 26th AGM was also convened on 30 September 2026 with its usual grand opening ceremony. Sadly, the TKSU of PETRA was unable to physically attend the occasion but was very gracious in offering a pre-recorded video of her keynote address for the occasion which was well received by the attendees.

I am deeply honoured to have been re-elected as President of MAESCO by our members, alongside the continued support of the entire committee. On behalf of the committee, I would like to express my heartfelt gratitude for the trust and confidence placed in us. This renewed mandate strengthens our commitment and inspires us to pursue our shared vision and mission of establishing MAESCO as a leading reference point in the field of Energy Efficiency—not only in Malaysia but also across the ASEAN region. Together, we will continue to advance energy efficiency, foster collaboration, and contribute towards a more sustainable energy future for our nation and the region.

Ar. Zulkifli Zahari
President of MAESCO

WORKSHOP ON ENHANCING ENERGY EFFICIENCY COMPLIANCE FOR PRINCIPAL SUBMITTING PERSONS (PSP) AND PROPERTY DEVELOPERS

EVENTS & NEWS

MAESCO
(Pertubuhan Syarikat Syarikat Perkhidmatan Tenaga Malaysia)
Malaysia Association of Energy Service Companies

DATE: 7 JULY 2026
TIME: 9:00 AM – 5:00 PM
LOCATION: HOTEL ARMADA PETALING JAYA
MAESCO REP: AR. ZULKIFLI ZAHARI (PRESIDENT)

Report:

Ar. Zulkifli Zahari was invited as one of the speakers by Majlis Bandaraya Petaling Jaya (MBPJ) at the Workshop Towards Competency for Compliance in Energy Efficiency in Building Development for Principal Submitting Person (PSP) i.e. registered architects and engineers. The workshop was attended mostly by architects, reflecting their important role as PSPs in ensuring that energy efficiency requirements are incorporated into future building design and development.

A presentation on energy efficiency in buildings was delivered and the evolving regulatory landscape in Malaysia, highlighting the role of energy efficiency under the National Energy Transition Roadmap (NETR) and the requirements introduced through the Energy Efficiency and Conservation Act (EECA) 2024.

The presentation also addressed mandatory Building Energy Intensity (BEI) requirements and energy labelling, including the responsibilities of building owners and persons in charge to monitor and improve building energy performance in compliance with the EECA.

WORKSHOP ON ENHANCING ENERGY EFFICIENCY COMPLIANCE FOR PRINCIPAL SUBMITTING PERSONS (PSP) AND PROPERTY DEVELOPERS

EVENTS & NEWS

MAESCO
(Pertubuhan Syarikat Syarikat Perkhidmatan Tenaga Malaysia)
Malaysia Association of Energy Service Companies

DATE: 7 JULY 2026
TIME: 9:00 AM – 5:00 PM
LOCATION: HOTEL ARMADA PETALING JAYA
MAESCO REP: AR. ZULKIFLI ZAHARI (PRESIDENT)

Report (Continued):

Importantly, Ar. Zulkifli highlighted the need for PSPs to understand and comply with Clause 38A of the Uniform Building By-Laws (UBBL) Selangor 2012. Clause 38A requires new or renovated non-residential buildings with air-conditioned space exceeding 4,000 square metres to be designed to meet the requirements of MS 1525, particularly with regard to the Overall Thermal Transfer Value (OTTV) and Roof Thermal Transfer Value (RTTV), and to be provided with an Energy Management System.

In another session, the Sustainable Energy Development Authority (SEDA) Malaysia provided an explanation on the Building Energy Online Data Monitoring System (BEDOS). The system enables building owners and energy consumers to monitor and manage building energy consumption, including the submission of monthly electricity consumption data, analysis of historical energy usage, establishment of energy baselines and tracking of energy-saving performance. BEDOS also supports the generation of reports on areas such as energy consumption, carbon emissions and energy savings.

MEETING WITH CIMB

EVENTS & NEWS

MAESCO
(Pertubuhan Syarikat Syarikat Perkhidmatan Tenaga Malaysia)
Malaysia Association of Energy Service Companies

DATE: 11 AUGUST 2026
TIME: 2:30 PM – 5:00 PM
LOCATION: MAESCO OFFICE
MAESCO REP: AR. ZULKIFLI ZAHARI (PRESIDENT) & IR. ONG CHING LOON (VICE PRESIDENT AND POLICIES & INTERNATIONAL AFFAIRS)

Report:

MAESCO held a meeting with representatives from CIMB Islamic Bank Berhad to continue discussions on the ongoing collaboration between CIMB and MAESCO, particularly in supporting financing opportunities for energy efficiency projects and the proposed upcoming joint event.

The meeting was attended by CIMB representatives, namely Mr. Arshad Nuval Othman (Vice President, Transaction Banking & Head, Sustainable Finance), Mr. Daniel Siew (Head of Sustainable Finance Business Development), Mr. Alexander Goh, Mr. Isaac Soh and Ms. Vivian Tan. The meeting included business updates by MAESCO on the EE ecosystem, with Mr. Arshad Nuval Othman providing an update on the Energy Performance Contract (EPC) Financing Initiative. CIMB representatives also shared insights on energy efficiency banking opportunities and Greenhouse Gas (GHG) advisory. CIMB also shared its plans to develop dedicated banking facilities for MAESCO members, an initiative supported by CIMB's senior management. The proposed facilities aim to facilitate greater access to financing for energy efficiency projects and support the successful implementation of the Energy Efficiency and Conservation Act (EECA) 2024 and the National Energy Transition Roadmap (NETR), in line with the Government's energy efficiency and energy transition initiatives.

CIMB is also planning a dedicated promotional event for their clients in October 2026 to introduce these banking facilities. Further details and arrangements for the proposed event will be discussed at the next meeting between CIMB and MAESCO in September 2026.

MEETING WITH MINISTRY OF ECONOMY

EVENTS & NEWS

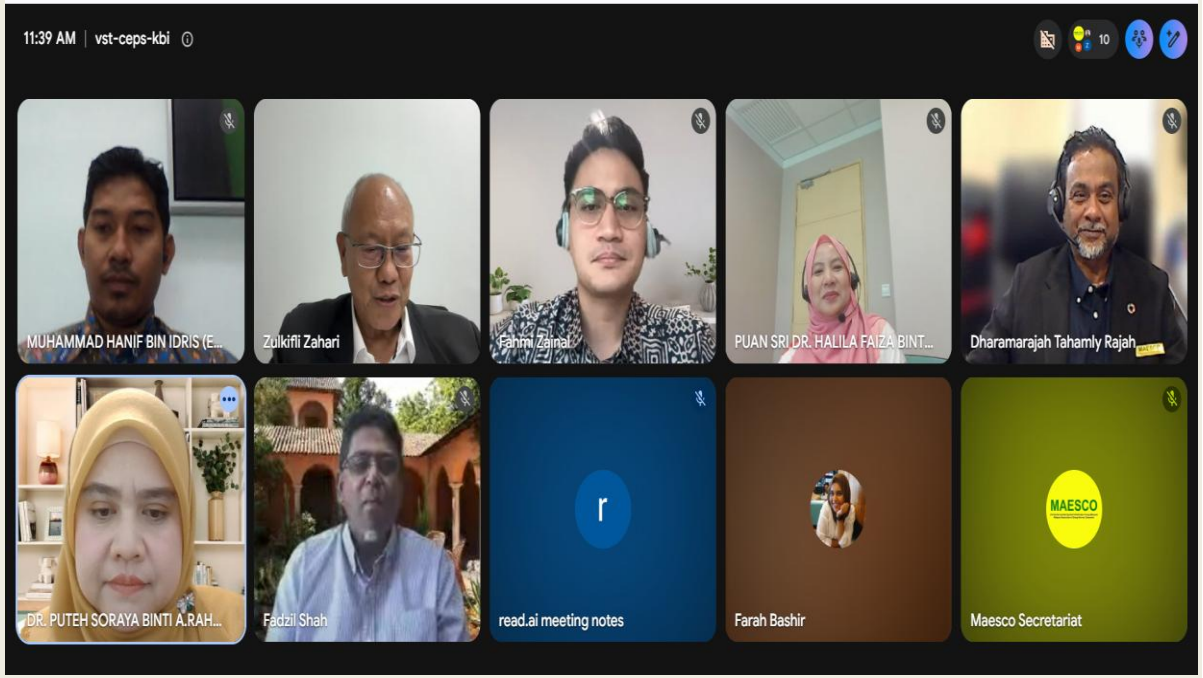

MAESCO
(Pertubuhan Syarikat Syarikat Perkhidmatan Tenaga Malaysia)
Malaysia Association of Energy Service Companies

DATE: 13 AUGUST 2026
TIME: 10:30 AM – 11:30 AM
LOCATION: ONLINE
MAESCO REP: AR. ZULKIFLI ZAHARI (PRESIDENT), IR. FADZIL SHAH (TREASURER & GOVERNMENT LIAISON), DR. DHARAMARAJAH (HONORARY SECRETARY, TECHNICAL & ADVISORY)

Report:

MAESCO held an online meeting with the Ministry of Economy (KE) to invite the Ministry to participate as a panellist in MAESCO's upcoming Power Talk Industry Session at ENGINEER & MARVEX 2026 to deliberate on the ESCO Platform initiative as prescribed in the NETR by the Ministry of Economy which has not progress as expected since its launching in July 2023. Representatives from the Ministry of Economy included Dr. Puteh Soraya A. Rahman (Timbalan Pengarah II), Puan Sri Dr. Halila Faiza Zainal Abidin (Ketua Penolong Pengarah Majlis Tenaga Negara), together with En. Muhammad Hanif Idris and En. Fahmi Zainal.

Due to commitments related to the preparation of Budget 2027, the Ministry of Economy was unable to participate in the Power Talk Industry Session. Nevertheless, MAESCO agreed to arrange a separate engagement with Puan Sri Dr. Halila Faiza Zainal Abidin to further discuss MAESCO's feedback on the NETR Impact Study Workshop held in April 2026, which was attended by the MAESCO President. The discussion will focus particularly on matters related to the ESCO Platform.

MEETING WITH PUAN MAREENA BINTI MAHPUDZ, TKSU PETRA

EVENTS & NEWS

MAESCO
(Pertubuhan Syarikat Syarikat Perkhidmatan Tenaga Malaysia)
Malaysia Association of Energy Service Companies

DATE: 18 AUGUST 2026
TIME: 4.30 PM – 5.30 PM
LOCATION: BILIK MESYUARAT NILAM, PETRA
MAESCO REP: AR. ZULKIFLI ZAHARI (PRESIDENT), IR. FADZIL SHAH (TREASURER & GOVERNMENT LIAISON)

Report:

MAESCO held a meeting with Puan Mareena binti Mahpudz, Deputy Secretary General (Energy), Ministry of Energy Transition and Water Transformation (PETRA), to discuss MAESCO's upcoming industry engagements and initiatives. The meeting was also attended by several representatives from PETRA, namely Encik Rosmahyuddin Baharuddin, Setiausaha Bahagian (SUB) Tenaga Lestari (Secretary of Sustainable Energy) , Puan Khalilulnisha Abu Bakar, Principal Assistant Secretary of the Energy Efficiency Section and Puan Amutha Socklingam, Principal Assistant Secretary.

During the meeting, MAESCO extended an invitation to Puan Mareena to participate as a panellist in MAESCO's upcoming Power Talk Industry Session at MARVEX 2026, to be held at the Kuala Lumpur Convention Centre (KLCC). The session will bring together key stakeholders to discuss developments and opportunities within Malaysia's Energy Efficiency sector. MAESCO also sought Puan Mareena's support for the MAESCO Measurement & Verification (M&V) Guidelines by inviting her to contribute a preface to the publication.

The meeting provided an opportunity to strengthen engagement between MAESCO and PETRA and to seek the Ministry's continued support for MAESCO's efforts in advancing Energy Efficiency initiatives and industry development in Malaysia.

ENERGY TALK AT FAJAR PALMKEL SDN BHD

EVENTS & NEWS

MAESCO
(Pertubuhan Syarikat Syarikat Perkhidmatan Tenaga Malaysia)
Malaysia Association of Energy Service Companies

DATE: 19 AUGUST 2026
TIME: 9.00 AM – 11.00 AM
LOCATION: FAJAR PALMKEL SDN BHD, RAWANG
MAESCO REP: AR. ZULKIFLI ZAHARI (PRESIDENT)

Report:

MAESCO President Ar. Zulkifli Zahari was invited to deliver an Energy Talk in conjunction with the Operational Excellence Week organised by Fajar Palmkel Sdn Bhd, a wholly owned subsidiary of Kuala Lumpur Kepong Berhad (KLK).

During the session, Ar. Zulkifli shared insights on key topics shaping Malaysia's energy landscape, including addressing greenhouse gases (GHG), Malaysia's energy sources, renewable and non-renewable energy, the global geopolitical energy landscape, Malaysia's Net Zero 2050 aspiration, the National Energy Transition Roadmap (NETR), as well as current Energy Efficiency initiatives in Malaysia.

The session provided an opportunity to enhance awareness direct to industries for their appreciation and understanding of the evolving energy landscape and the important roles of Energy Efficiency and renewable energy in supporting Malaysia's transition towards a more sustainable and low-carbon future.

WORKSHOP ON BUILDING SARAWAK'S ENERGY EFFICIENCY ECOSYSTEM

EVENTS & NEWS

MAESCO
(Pertubuhan Syarikat Syarikat Perkhidmatan Tenaga Malaysia)
Malaysia Association of Energy Service Companies

DATE: 26 AUGUST 2026
TIME: 8:30 AM – 5:00 PM
LOCATION: IMPERIAL HOTEL, KUCHING
MAESCO REP: AR. ZULKIFLI ZAHARI (PRESIDENT), EN. ISKANDAR MAJIDI (INDUSTRIAL OUTREACH), iR. FADZIL SHAH (TREASURER & GOVERNMENT LIAISON), MS. KAVETA CHELLIAH (ASST. HONORARY SECRETARY, MEMBERSHIP & AWARDS)

Report:

MAESCO participated in the Workshop on Building Sarawak's Energy Efficiency Ecosystem: Developing Talent, Industry and Market Readiness, organised by the Ministry of Energy and Environmental Sustainability (MEESty) Sarawak officiated by Datu Abang Ahmad Abang Morni, Permanent Secretary of the Ministry. The workshop brought together key stakeholders from TVET institutions, state universities, utilities, local industries and professional bodies to discuss the development of a sustainable energy efficiency ecosystem in Sarawak.

The Ministry opened the workshop by sharing the Sarawak Energy Transition Policy (SET-P) and highlighting why energy efficiency is important for Sarawak's competitiveness, energy security and sustainability. A key objective of the workshop was to support the "Government Lead by Example" approach through the implementation of Energy Efficiency retrofits in Government buildings across Sarawak.

MAESCO delivered three key presentations during the workshop. En. Iskandar Majidi presented on "Developing Energy Efficiency Professionals in Sarawak," covering professional competency pathways including Energy Management Systems (EnMS), Registered Energy Managers, Certified Energy Auditors, Measurement & Verification specialists and Continuous Professional Development programmes. The session also addressed the preparation required by Sarawak-owned TVET institutions and universities to support the development of local energy efficiency professionals.

WORKSHOP ON BUILDING SARAWAK'S ENERGY EFFICIENCY ECOSYSTEM

EVENTS & NEWS

MAESCO
(Pertubuhan Syarikat Syarikat Perkhidmatan Tenaga Malaysia)
Malaysia Association of Energy Service Companies

DATE: 26 AUGUST 2026
TIME: 8:30 AM – 5:00 PM
LOCATION: IMPERIAL HOTEL, KUCHING
MAESCO REP: AR. ZULKIFLI ZAHARI (PRESIDENT), EN. ISKANDAR MAJIDI (INDUSTRIAL OUTREACH), R. FADZIL SHAH (TREASURER & GOVERNMENT LIAISON), MS. KAVETA CHELLIAH (ASST. HONORARY SECRETARY, MEMBERSHIP & AWARDS)

Report (Continued):

Ms. Kaveta Chelliah presented on “Developing the ESCO Industry in Sarawak,” highlighting the ESCO business model, market opportunities, development of local technical capabilities and access to financing as key components towards establishing a sustainable ESCO ecosystem in Sarawak.

Ir. Fadzil Shah presented on “Energy Performance Contracting (EPC) and Demonstration Projects,” covering guaranteed and shared savings models, financing mechanisms, relevant case studies and the role of demonstration projects in supporting market development.

Following the workshop, a follow-up discussion was held at the MEESty office on 27 August 2026 to discuss the way forward for energy efficiency development in Sarawak. The discussion covered the proposed development of a Sarawak Energy Efficiency Roadmap, the establishment of an Energy Efficiency Working Group involving MAESCO and key stakeholders, future collaboration with TVET institutions and universities, and the development of pilot and demonstration projects.

2ND MEETING WITH MINISTY OF ECONOMY

EVENTS & NEWS

MAESCO
(Pertubuhan Syarikat Syarikat Perkhidmatan Tenaga Malaysia)
Malaysia Association of Energy Service Companies

DATE: 28 AUGUST 2026
TIME: 11.00 AM – 12.00 PM
LOCATION: ONLINE
MAESCO REP: AR. ZULKIFLI ZAHARI (PRESIDENT) & IR. FADZIL SHAH (TREASURER & GOVERNMENT LIAISON)

Report:
MAESCO held a second online meeting with the Ministry of Economy (KE) to discuss MAESCO's feedback from the NETR Impact Study Workshop, particularly in relation to the ESCO Platform. Representatives from the Ministry of Economy included Puan Sri Dr. Halila Faiza Zainal Abidin (Ketua Penolong Pengarah Majlis Tenaga Negara), En. Muhammad Hanif Idris and En. Fahmi Zainal including representative from Quantum Catalyst being consultants appointed by KE to review the progress of NETR.

During the meeting, MAESCO highlighted that progress has been constrained by inter-governmental processes, including the pending EPC template for Government buildings. While private-sector ESCOs and financial institutions are ready to participate, MAESCO emphasised the need for clearer roles and responsibilities, as well as a coordinated roadmap among the relevant Government stakeholders. MAESCO proposed that the ESCO Platform focus primarily on its role as an aggregator and facilitator of energy efficiency (EE) retrofit projects, rather than acting as the contracting entity for EPC projects. Direct contracting between private ESCOs and the Government was proposed to help preserve the commercial viability and attractiveness of the shared-savings model.

MAESCO also recommended broader participation in the ESCO Platform, involving Government agencies, private ESCOs, financial institutions and manufacturers. In addition, MAESCO proposed a key coordination and project management role for SEDA Malaysia, supported by appropriate operational funding. Following the discussion, it was agreed that the EPC template for Government buildings needs to be finalised to enable the ESCO Platform to move forward with implementation.

MARVEX POWERTALK INDUSTRY

EVENTS & NEWS

MAESCO
(Pertubuhan Syarikat Syarikat Perkhidmatan Tenaga Malaysia)
Malaysia Association of Energy Service Companies

DATE: 24 SEPTEMBER 2026
TIME: 10.00 AM – 1.00 PM
LOCATION: ONLINE
MAESCO REP: AR. ZULKIFLI ZAHARI (PRESIDENT) & IR. ONG CHING LOON (VICE PRESIDENT AND POLICIES & INTERNATIONAL AFFAIRS)

Report:
In conjunction with ENGINEER & MARVEX 2026, MAESCO conducted a PowerTalk Industry session focusing on the NETR ESCO Platform and the acceleration of Energy Efficiency retrofits in Government buildings.

The sessions brought together policymakers, implementing agencies, regulators and industry stakeholders for an open and constructive dialogue on the progress of the initiative. Discussions highlighted the respective roles of Government agencies and industry players, key implementation challenges, and practical solutions to accelerate the implementation and progress of the ESCO Platform.

MAESCO through Ar. Zulkifli Zahari and Ir. Ong Ching Loon moderated two sessions for the PowerTalk. The first session featured representatives from the Ministry of Energy Transition and Water Transformation (PETRA), Energy Commission (ST) and JKR addressing the current status of the ESCO Platform, particularly efforts to accelerate energy efficiency retrofits in Government buildings towards the target of RM2 billion worth of Energy Performance Contracting (EPC) projects by 2030.
Whereas the second session featured MACRA, MyCIE representing the aircond and lighting industry together with MDV and CIMB from financial institutions. The session discuss issues relating to technology support and financial support for the local ESCO industry.

International Event

MAESCO
(Pertubuhan Syarikat Syarikat Perkhidmatan Tenaga Malaysia)
Malaysia Association of Energy Service Companies

The 11th World Battery & Energy Storage Industry Expo (WBE 2026) - Guangzhou, China (16 – 18 September 2026)

MAESCO was invited to attend and address the opening ceremony of the 11th World Battery & Energy Storage Industry Expo (WBE 2026), organised by the Guangdong Grandeur International Exhibition Group as an International Supporting Association. WBE 2026 served as a global platform bringing together industry players, technology providers and professionals across the battery and energy storage value chain. The expo also showcased the latest developments in battery technologies, energy storage systems and solutions, battery management systems, manufacturing equipment, charging infrastructure and recycling technologies.

26th ANNUAL GENERAL MEETING OPENING CEREMONY
30 SEPTEMBER 2026

EVENTS & NEWS

MAESCO
(Pertubuhan Syarikat Syarikat Perkhidmatan Tenaga Malaysia)
Malaysia Association of Energy Service Companies

MAESCO successfully convened its Annual General Meeting (AGM) 2026 on 30 September 2026 at Hilton Shah Alam Glenmarie, with strong attendance from committee members, advisors and member companies. The meeting reflected MAESCO's continued commitment to strengthening Malaysia's Energy Efficiency and ESCO ecosystem. YBrs. Puan Mareena Binti Mahpudz, the TKSU of PETRA was gracious to deliver her keynote address through a pre-recorded video as she was unexpectedly required to carry out her official duties overseas.

MAESCO President, Ar. Zulkifli Zahari in his opening address delivered 3 key messages.

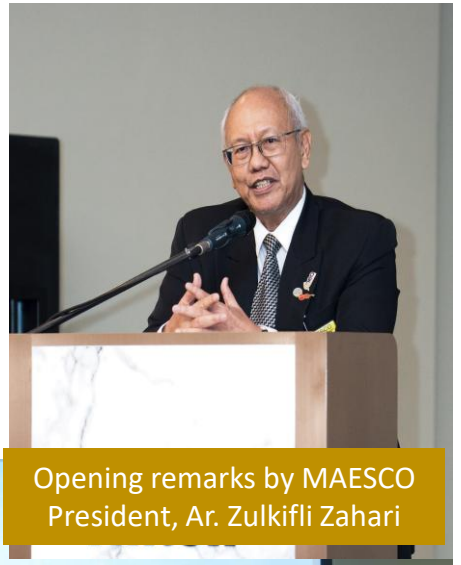

1. A comprehensive ecosystem now exist with the enforcement of the EECA, the recent launching of the NEEAP 2.0 and the NETR placing energy efficiency as the first transition lever. Now it is the time to implement at scale.

2. Emphasised on the Association's continued active engagement with all relevant Ministries and Government Agencies, financial institutions and industry stakeholders to address immediate implementation through collaboration with all stakeholders to create project pipelines and opportunities for members and industrial stakeholders. This approach will reinforce MAESCO's ongoing engagements with PETRA, SEDA Malaysia, MIDA, JKR and other key industrial stakeholders present during the opening ceremony.

3. MAESCO Members to build up their capacity such that their respective organizations have the prerequisite to register themselves with the government including Registered Energy Auditors other than Registered Energy Managers within their organizations in order to offer their services to government facilities and participate in the NETR initiatives.

26th ANNUAL GENERAL MEETING OPENING CEREMONY
30 SEPTEMBER 2026

EVENTS & NEWS

MAESCO
(Pertubuhan Syarikat Syarikat Perkhidmatan Tenaga Malaysia)
Malaysia Association of Energy Service Companies

Launching of the Measurement and Verification Guideline

MAESCO proudly launched its long-awaited Measurement and Verification (M&V) Guideline for the purpose of industrial reference for the Energy Efficiency fraternity. This publication represents more than just a technical document. It embodies MAESCO's commitment to raising professional standards, strengthening technical competency and supporting the sustainable growth of Malaysia's Energy Service Company (ESCO) industry. The Guideline will encourage greater consistency in M&V practices, facilitate the wider adoption of Energy Performance Contracting (EPC) and strengthen confidence among all stakeholders involved in energy efficiency projects.

The launching was witnessed by all presents during the AGM opening ceremony which includes representative from ST, MIDA, MGTC, MACRA, MyCIE, MDV, CIMB, Petronas, MGBC with MAESCO committee members celebrating the occasion on stage with the lead author Ir. Ong Ching Loon, the Vice President of MAESCO.

26th ANNUAL GENERAL MEETING
30 SEPTEMBER 2026

MAESCO
(Pertubuhan Syarikat Syarikat Perkhidmatan Tenaga Malaysia)
Malaysia Association of Energy Service Companies

Members unanimously confirmed the minutes of the previous AGM and received the Activities Report for January to September 2026, which highlighted MAESCO's extensive programmes and activities, including industry engagements, training initiatives, membership activities and committee work. The Treasurer presented the audited financial statements, which reflected healthy growth in income, surplus and cash position, demonstrating MAESCO's strong financial standing and expanding activities. Members unanimously adopted the audited accounts and approved the re-appointment of Messrs KW Law & Associates as External Auditors.

Members also received and adopted the proposed amendments to the Association's Constitution. The amendments include broadening the interpretation of "Members" to include firms and sole proprietorships, as well as provisions to facilitate the future expansion of the Association through the establishment of MAESCO Chapters in other parts of Malaysia. The AGM concluded with the election of the MAESCO Committee for the 2027–2028 term, marking another important step in strengthening the Association's leadership and its continued efforts to advance Malaysia's energy efficiency and ESCO industry.
